JOHOR BARU: It was an evening of fun and entertainment for everyone when Sunway Iskandar celebrated the Mid-Autumn Festival at the Sunway Iskandar Sales Gallery here.

The event attracted about 1,000 guests who were enthralled by the appearance of Moon Lady and Bunny, while fire eaters, drum performances, an LED Dragon Dance, spectacular fireworks and many others kept the crowd entertained.

Some families even travelled all the way from Kuala Lumpur and Singapore to celebrate the festival held at the gallery, which is located in The Lakeview precinct.

Besides enjoying the newly opened gallery, guests also had the opportunity to immerse in Nature's Capital City, with a tranquil 8 ha Emerald Lake Garden located next to it.

Inhor resident Gon York Tee said he walked around the beautiful lake and

## Sunway Iskandar brings cheer to JB

A fire eating performance, one of the highlights of the night in Sunway Iskandar.

JOHOR BARU: It was an evening of fun and entertainment for everyone when Sunway Iskandar celebrated the Mid-Autumn Festival at the Sunway Iskandar Sales Gallery here.

The event attracted about 1,000 guests who were enthralled by the appearance of Moon Lady and Bunny, while fire eaters, drum performances, an LED Dragon Dance, spectacular fireworks and many others kept the crowd entertained.

Some families even travelled all the way from Kuala Lumpur and Singapore to celebrate the festival held at the gallery, which is located in The Lakeview precinct.

Besides enjoying the newly opened gallery, guests also had the opportunity to immerse in Nature's Capital City, with a tranquil 8 ha Emerald Lake Garden located next to it.

Johor resident Goo Yock Tee said he walked around the beautiful lake and got the opportunity to release lanterns and feed the fishes.

"I'm glad that I came today. Sunway is well-known for its world class developments and I believe Sunway Iskandar is a fantastic project for the southern region.

"I'm confident that the plan to build a community township will catch on," he said.

Beyond developing a self-sustaining township, Sunway is also committed to staying there for good and growing together with the community in Sunway Iskandar. Hence, the Mid-Autumn Festival marked the township's initial event for the community.

Tan Wee Bee, executive director for property and construction, Southern Region, Malaysia and Singapore, was delighted over the large turnout.

"This celebration is our first community event for Sunway Iskandar and we are happy that many families took the time to join us. As a master community developer, we are not just building a township but also building a community. Therefore, we are looking forward to further engage the community through more public activities at Sunway Iskandar in the future," said Tan.

The recent opening of the sales gallery in July was accompanied by the launch of the Citrine designer office, which received an overwhelming response with a successful take-up of all its units.

Following the positive response, Sunway Iskandar will soon be commencing its priority preview and the launch of its serviced apartments. The Citrine serviced apartments will feature 328 units, ranging from 618 sq ft to 1,571 sq ft, at a price of between RM800 and RM900 psf.

The sales gallery is opened daily for public queries on the township. Alternatively, visit [www.sunwayiskandar.com](http://www.sunwayiskandar.com) or call 019-270 4218.
