TEST YOUR LIMITS AT VIPER CHALLENGE

The Sunway Iskandar Viper Challenge has come to Johor for the first time to let you test and explore your limits.

Viper Challenge has a track record of organising five mega events and catering to almost 100,000 participants from various countries.

Participants will face a 20km course filled with up to 20 natural and man-made obstacles.

Those who stand victorious at the finish line will be awarded a

medal as well as a T-shirt.

The event can also be a fun day out to spend with friends and family to build teamwork or meet new people.

The event is held at Medini, Iskandar Puteri, Johor, on April 30. There will also be food, entertainment and special challenges for non-participants. The event targets 10,000 participants and has sold over 6,500 tickets to date.

Visit viperchallenge.com for details.
